Emma – Oct 31

Notes from Mrs. Grassmid

Our class has a website! You are encouraged to check it out! I have attached some adorable pictures of the kinders and our weekly newsletters.
<https://mrsgrassmid.weebly.com/>

This week Wednesday, we will meet our 8th Grade Buddies! These 8th graders will always pick up the kinders and sit with them during Chapel. They are also the student leaders for our family groups.

Bible

Finish up Creation. God Created Adam & Eve

Reading/Phonics

Read Aloud: My Five Senses and we'll be discussing vowels and consonants.

Writing

We have been working on writing vertical and horizontal line. This week we will continue learning the basic strokes: 'magic c', slant lines and forward circles.

Math

We will discuss scenes (or pictures of groups). Then move into adding and subtracting.

Science

Students will become weather watchers! They will watch for patterns and changes in weather

*Family Groups: All students & teachers are divided into groups consisting of students from every grade level. This is a wonderful opportunity for our BCS community to build relationships across the grade levels!
